Countertop Grinder

The **Countertop Grinder** is one of the best and most efficient small grinders on the market. It is designed for use in small businesses and is a favorite among spice shops. With its powerful German Bosch motor, it is capable of adjusting the speed to slow and fast, which increases the efficiency and performance of the product.

Features:

- **Powerful motor:** The Countertop Grinder is equipped with a powerful German Bosch motor that allows it to grind hard and soft materials quickly and efficiently.
- **Adjustable speed:** The speed of the grinder can be adjusted to slow and fast, which allows you to grind different materials with the desired fineness.
- **Hardened steel blade:** The grinder has a hardened steel blade that can grind materials up to 500 microns in size.
- **High capacity:** The Countertop Grinder has a capacity of 10 kilograms per hour for hard materials and 35 kilograms per hour for soft materials.
- **Versatile:** The Countertop Grinder can be used to grind a wide variety of materials, including spices, grains, herbs, and even chemicals and pharmaceuticals.
- **Affordable:** The Countertop Grinder is priced competitively and offers excellent value for money.
- **Warranty and after-sales service:** The Countertop Grinder comes with an 18-month warranty (excluding electrical parts) and 10 years of after-sales service.
- **Free accessories:** With the purchase of the Countertop Grinder, you will receive a free bag and four different sizes of mesh.

Benefits:

- **Increased efficiency and productivity:** The Countertop Grinder can help you grind materials quickly and efficiently, which can increase your productivity.
- **Versatile:** The Countertop Grinder can be used to grind a wide variety of materials, which makes it a valuable tool for any business.
- **Affordable:** The Countertop Grinder is priced competitively and offers excellent value for money.
- **Warranty and after-sales service:** The Countertop Grinder comes with an 18-month warranty (excluding electrical parts) and 10 years of after-sales service.
